I made a few little corrections and created/signed the pdf. Both word and pdf versions attached. If you could send me the sampling related SOPs, I can make the checklist for someone to complete to count as a systems audit.

I think I've addressed your comments. I've also cleaned it up some, added a bit more here and there. I'd like for you to look it over one more time. I did leave a few of your comments in there so you'd know where to look for the stuff I had trouble with.

I really want to get this into the hands of NY, even if it doesn't have the signatures, though I'd like to get the approvals going. Can we fill in the effective date on the cover page?

Thanks
